**** DX INFORMATION ****
=====

Edited by I1JQJ & IK1ADH
Direttore Responsabile I2VGW

- 4S - Bernhard, DK7TF will be active again as 4S7DLG from Ambalangoda, Sri Lanka (AS-003) starting around 25 November. He will operate mainly SSB and FT8. QSL via M0OXO's OQRS.
- 5N - Bodo, DF8DX and Rene, DL2JRM have been active as 5N7Q from Abuja, Nigeria since 16 November. They will remain there until the 25th, Including an entry in the CQ WW DX CW Contest. They operate CW, RTTY, SSB and FT8 (Fox & Hound) on 160-10 metres. QSL via LoTW, or Club Log's OQRS, or via DF8DX (direct or bureau).
- 5V - Andy, KB9IJI is a long-term resident in Mango, Togo and has been granted "special permission to legally operate as 5V/KB9IJI" until his application for a callsign is approved, "hopefully before the end of the year". He plans to operate SSB, CW and digital modes on all HF bands, and to upload his log to both LoTW and eQSL. [TNX The Daily DX]
- 8Q - Fabien, DF3XY will be active as 8Q7XY from the Maldives (AS-013) on 10-23 December. He will operate mainly FT8 and SSB on 40, 30, 20, 15 and 10 metres. QSL direct to home call. [TNX The Daily DX]
- 8R - Heye, DJ9RR has been active as 8R1/AG6UT since 20 November, and will remain in Guyana until 28 November. He operates CW, RTTY and FT8 on 160-10 metres, and will participate in the CQ WW DX CW Contest. QSL via DJ9RR (direct or bureau), and eventually LoTW.
- 9J - Mario, IK1MYT is active as 9J2MYT from Lusaka, Zambia until May 2020. He can be QRV on 80, 40, 20, 15 and 10 metres. QSL direct to IZ3KVD.
- C5 - Andre, ON7YK has been active again as C5YK since 16 November, and will remain in Bijilo, The Gambia until early March 2020. He operates digital modes (especially FT8), SSB and some CW on 60-10 metres. QSL via LoTW and eQSL, or via home call (see qrz.com for instructions); logsearch on <http://www.on7yk.eu/>.
- C5 - Paul, SA6PIS will be active holiday style as C56PIS from Bakau, The Gambia from 28 November to 13 December. QSL via home call.
- UA - Special callsigns R2019DX and UE29DX will be active from 25 November to 1 December to mark the 29th anniversary of the Miller DX Club. QSL via the bureau, or direct to RQ7L.
- V4 - Once again John, W5JON will be active as V47JA from St. Kitts (NA-104) on 10-19 December. He will operate SSB and FT8 on 160-6 metres. QSL via W5JON (direct only) and LoTW. [TNX NG3K]
- VU - Datta, VU2DSI will be active again as AU2JCB from 23 November to 16 December to commemorate the birthdate of Indian physicist and radio pioneer Jagadish Chandra Bose. Look for activity on 80, 40, 20, 15 and 10 metres. QSL direct to VU2DSI.
- XZ - Martti, OH2BH has been active as XZ2D from Myanmar since 21 November. The licence issued to him is valid up to 17 April 2020,

with band privileges limited to 20 MHz and higher (which means 15 and 10 metres only). Martti hopes to get a special temporary permission to operate on 14065 kHz for the duration of the CQ WW DX CW Contest (48 hours). QSL via OH2BH.

CQ WW DX CW CONTEST ---> The following stations have announced their participation in this year's event (23-24 November):

```

Access to the main functions of www.425dxn.org is provided by the 425DXN App for Android. It is available on Google Play - free of charge, no ads. Enjoy!

4U1UN ---> Two updates were posted to the United Nations Amateur Radio Club (4U1UN) Facebook page on 20 November . First: the 4U1UN beacon, which was temporarily deactivated due to wind-incurred damage to the antenna, is back - "not sure how much longer it'll survive", however, as "the antenna is literally being held together with tape and chewing gum at this point". Second: "some may have had the good fortune of working Adrian [K08SCA] today while he ran some tests", and it seems that "everything is finally functioning as it should. That said, you should start to hear 4U1UN back on the air very soon".

PRIMNM COMMUNITY GROUP ---> Don Greenbaum, N1DG has been appointed to the NOAA Fisheries/US Fish and Wildlife Service PRIMNM Community Group, established to provide input to the agencies on the management, proper care, and effective stewardship of the Pacific Remote Islands Marine National Monument. This Community Group will also provide a forum to discuss ideas and opportunities regarding PRIMNM management, for consideration in the draft Monument Management Plan that is under development. The PRIMNM area consists of approximately 1,282,000 square kilometers in the central Pacific Ocean, and encompasses four current DXCC Entities: Baker & Howland Islands, Johnston Atoll, Palmyra Atoll & Jarvis Island, and Wake Island.

QSL VIA RW6HS ---> Vasiliy reports he is the QSL manager for Moroccan stations CN8HDZ, CN8NIL, CN8SAM and CN8SCS, as well as for HI8CQ and HI7M (including the latter's past callsigns, HI7MC and HI7MCW). QSL direct to Vasiliy M. Kasyanenko, P.O. Box 8, g. Novopavlovsk, Stavropolskiy kr., 357300, Russia.

ROTUMA DXPEDITION NEWS ---> Tony, 3D2AG expected to be QRV as 3D2AG/p from Rotuma in late November, but he has had to postpone his departure owing to

an unexpected change in the ship schedule [425DXN 1489]. "It now appears that sailing will not happen before 8 December, or latest by 15 December (two boats being looked at)", he posted to <https://www.qrz.com/db/3d2ag/p> on 21 November. "As we are heading into our cyclone season, the longer the delay the more risk of being stranded on the return in mid-January. Because of the need to take drums of diesel fuel, a heavy-duty generator, and other equipment flying is not an option".

TQSL: NEW VERSION ---> A new version (v2.5.1) of LoTW's Trusted QSL (TQSL) has been released: <http://www.arrl.org/tqsl-download>. This version has new features as well as corrections for defects found since TQSL 2.4.7 was released. This release also includes an update to the most recent TQSL configuration file. TQSL 2.5.1 can be installed to upgrade any older version of TQSL. On all three supported platforms (Windows, MacOS and Linux), installing TQSL 2.5.1 will replace older versions of Trusted QSL while preserving your Callsign Certificates, Station Locations, and preferences.

WRC-19: REGION 1 50 MHZ AMATEUR ALLOCATION ---> "The World Radiocommunication Conference WRC-19 has approved an allocation in the 50 MHz band for amateurs in Region 1", Hans Blondeel Timmerman, PB2T (IARU Region 1 Secretary) posted to <https://www.iaru-rl.org/> on 21 November. "The decision will now be incorporated in the Final Acts of the conference.

The decision comes after more than three weeks of strenuous negotiations to reconcile widely disparate views of Region 1 administrations. The result is a dramatic improvement in the international Radio Regulations for amateurs in Region 1. Before WRC-19 there were only 11 countries in Africa with a primary allocation in the band. When the Final Acts take effect, on a date that has not yet been determined, there will be 44 countries in Region 1 with a primary allocation of at least 500 kHz including 26 countries with a primary allocation of the entire band 50-54 MHz. The entire region will have an amateur secondary allocation of 50-52 MHz except in the Russian Federation, whose administration opted for only 50.080-50.280 MHz on a secondary basis. There are provisions to protect the other existing services that use the band in Region 1 and neighboring countries in Region 3. The existing primary allocation of 50-54 MHz in Regions 2 and 3 is unaffected. The exact manner in which the allocations will be implemented in Region 1 countries will be determined by each administration and may be either more generous or less, depending on national considerations. The WRC-19 decision on its agenda item 1.1 is the culmination of years of effort by the IARU and its member-societies, mainly in Region 1 but with support from the other two regions".
